To Ben Howerton <benhowerton@boisestate.edu>; Daniela Toledo Solares <danielatodosol@boisestate.edu>; Ashley Walter <ashleywalter@boisestate.edu>

Hey guys, after mtg w Joe and Kate, I put together an outline for how we can repeat this podcast idea!

COBECAST: External Guest Podcast Playbook

Purpose:

Use the COBECAST to bring industry voices into the university, provide value to students, and strengthen connections between COBE, external partners, and career pathways.

Step 1: Identify the External Guest

Do you have an external connection (industry professional, alumni, employer, community partner) who could offer valuable insight to students?

- The focus should be **learning, career insight, leadership, or industry perspective** (not promotion).
- Think: *What would students gain from hearing this person's story or experience?*

Step 2: Coordinate with Career Services

Reach out to **Laura Chiuppi**, laurachiuppi@boisestate.edu (Director of Career Services & External Engagement).

- Ask whether she would like:
 - To be introduced to the external guest, or
 - To explore whether the guest has projects, internships, or opportunities students could engage with.
- Ask whether the guest could also:
 - Speak in a seminar
 - Visit a class
 - Participate in another COBE engagement

Step 3: Align with COBECAST Team

- Connect with **Joe Morgan**, joemorgan1@boisestate.edu and **Kate Watson**, katewatson@boisestate.edu early.
- Schedule a quick planning meeting to:
 - Confirm the episode fits COBECAST goals
 - Discuss format and tone
 - Identify any constraints or best practices
- Come prepared with **preferred recording dates/times** and coordinate with Joe to avoid conflicts with class schedules.

Step 4: Outline & Approval

Before recording:

- Draft a **brief interview outline** describing:
 - Episode goal
 - Key themes
 - Intended student takeaways
- Submit the outline + questions to **Kate Watson** for approval.

Step 5: Prepare the Guest

Once approved:

- Share the **interview questions or prompts** with the external guest ahead of time.
- This helps them prepare thoughtful, high-quality answers and keeps the conversation focused on **student value**.

Step 6: Studio Walkthrough & Recording

- Schedule a walkthrough of the COBECAST facility with **Joe Morgan** if needed.
- Joe will:
 - Assist with recording
 - Handle editing
 - Support distribution

Key Reminders

- The goal is always **value to students**: insight, inspiration, and real-world perspective.
- Avoid sales language, promotions, or hiring pitches during the recording.
- Marketing, captions, and promotion are handled **outside** of the podcast itself.
- This process is intended to be **repeatable** for future episodes.

Good luck, and don't hesitate to ask questions along the way!

Let me know what you think! - Daniela let me know if I missed anything!
